

U-Corral secures U-Racks in a fixed linear arrangement when bolted to a pair of heavy-duty steel rails. For maximum theft protection, our U-Racks are more substantial than others on the market. In addition, hardware is concealed inside the rails. U-Corrals are available in round and square profiles in 2, 3, 4 and 5 rack configurations. U-Corrals can be freestanding or surface mounted.

Horizontal Bike Rack: High density

- Durable hot dip galvanized rails conceal hardware
- Each U-Rack neatly secures 2 bikes
- Indoor/outdoor use
- Use freestanding or surface mounted

UC-5-SQ-PCBLK (holds 10 bikes)
