

## Mod-U-Grid Bike Lockers | Bike Storage

## SPECIFICATIONS

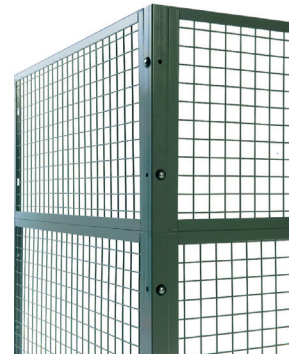

**Mod-U-Grid Bike Lockers** are a modular, space efficient solution for indoor bike storage. Manufactured with heavy gauge welded wire mesh and a powder coated finish, each locker comes with a vertical MaxRack. An additional MaxRack can be added to store 2 adult bikes with room for additional storage. This versatile locker utilizes our Mod-U-Grid system and can be configured with or without a top, side, bottom or rear grids.

- Heavy-duty welded wire mesh for indoor use
- Space-saving- each unit holds 2 bikes
- Contents are visible
- Comes with one MaxRack

Also available: **Bike Lockers** (see reverse side)
