

Public Bike Repair tools and accessories enhance any site that cyclists frequent. When bikes need a tune up or tires need air, having the right tools on hand can make a bike outing possible. Providing basic maintenance and repair tools; pumps, wheel chocks, workstations and signage enhances the user experience. These items are designed to be rugged and bolted into concrete.

- Enhances site and user experience
- Perfect for bike parking areas, bike rooms, parking garages, basements, dormitories, apartment and commercial buildings
- Rugged hand tools are secured with wire cable
- High-security, vandal resistant stands bolt into concrete
