MaxRack System

MaxRack Stand is a space efficient and heavy-duty bike storage solution. A flexible, modular system, MaxRack Stands are available in 1-sided and 2-sided configurations with optional clips to enable lateral adjustment. Abutting units with shared posts can be added to achieve desired length. Both the front wheel and bike frame are U-lockable. MaxRack Stand works with all types of tires and fenders.

Vertical Bike Rack: High density

- Heavy-duty construction w/solid steel lock bars
- Extends to any length
- Side-by-side units share posts to save space
- Accommodates all tires and fenders
