

Peapod is a compact and secure bike shelter for enhanced bicycle protection. Manufactured in anodized aluminum, the roof and walls are prefabricated in sections for quick assembly. Peapod offers cyclists the convenience of outdoor bike parking (bike storage) and the confidence that a secure bicycle enclosure provides.

Class 1 Bike Shelter: Fully enclosed, locking, weatherproof

Also available: **Peapod Bike Cage**

- Prefabricated in modular sections for quick assembly
- Barrel or Gable roof styles
- Glass or wire mesh versions
