

Victoria is a distinctive shelter produced with a conservatory style roof, complete with ornate brackets, decorative finials and laser-cut grille work. Prefabricated in durable, anodized aluminum, it is rust-proof and easy to assemble. Now offered in three standard sizes.

Solar Cell Phone/Laptop Charger

Handi-Hut transit shelters and enclosures can also be equipped with our solar panels and USB charging ports, enabling passengers to charge their cell phones, tablets and laptop computers. Surprisingly economical, this handy amenity makes waiting for a bus or train a more productive and pleasant experience. Call for more information.

Victoria

- Prefabricated for easy assembly
